

Centronic radio control units

Radio transmitters

SunWindControl SWC545a-II

5-channel hand-held transmitter
with threshold value setting and display

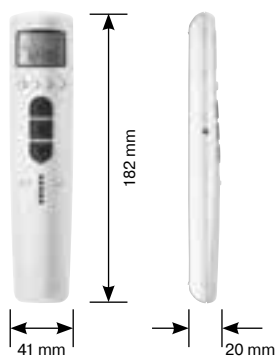

- Date, time and threshold values preset
- Slide switch for easy changing between manual and automatic mode
- Automatic shade time individually adjustable
- Automatic summer/winter time adjustment
- Enables the programming of 2 freely selectable intermediate positions per channel
- Wall bracket with rear labelling panel
- Single, group or central control unit

Item no. 4033 000 922 0 (white)

Item no. 4033 000 922 1 (black)

Colour	White / black
Rated voltage	3 V/DC
Battery type	LR03 (AAA)
Degree of protection	IP20
Permissible ambient temperature	-10 to +55 °C
Radio frequency	915.3 MHz

Dimensions

Functional principle – typical wiring diagrams
